overview
The Iowa Student Internship Program provides grants to small and medium-sized companies in the advanced manufacturing, biosciences and information technology industries to help support internship programs with a goal of transitioning the interns to full-time employment in Iowa upon graduation.

employer eligibility
Iowa-based employers must meet all of the following criteria:

- Engage in one of the targeted industries: biosciences, advanced manufacturing or information technology.
- Employ 500 or fewer, with a significant portion employed within Iowa.
- Offer internship(s) to students who meet the student eligibility requirements.
- Pay the intern(s) at least twice the minimum hourly wage (minimum $14.50/hour).
- The employer must offer either summer or semester-based internship(s).
  - Summer internship(s) must last a minimum of eight weeks (averaging no less than 30 hours per week).
  - Semester internship(s) must last a minimum of 14 weeks (averaging no less than 10 hours per week).
- A business which is engaged in retail sales or which provides health services is INELIGIBLE.

student eligibility

- Intern must be employed at an Iowa location.
- Intern must be a student at one of the Iowa community colleges, private colleges, Regent universities.
- OR a student who graduated from high school in Iowa but attends an institution of higher learning outside of Iowa.
- Intern must be within ONE to TWO years of graduation (undergraduate or graduate student).

internship experience
The intern must participate in a substantive experience in one or more of the following areas: research and development, engineering, process management and production, product experimentation and analysis, product development, market research, business planning or administration.
awards and spending guidelines

- Eligible companies can apply for support for up to three internships for fiscal year 2017 (July 1, 2016 – June 30, 2017).
- The maximum amount awarded to an employer for all internships in a fiscal year shall not exceed $9,300, up to $3,100 per internship.
- Funds will be disbursed on a reimbursement basis and as a portion of the wages actually paid to a student. The amount of the reimbursement will be calculated to result in an equal share of the cost being borne by the employer and the Iowa Economic Development Authority (IEDA).
- IEDA provides assistance on a reimbursement basis. For every two dollars of wages earned by the student, one dollar paid by the business is matched by one dollar from IEDA.
- All expenditures must be supported with payroll or other appropriate documentation. Funds can only be used for reimbursement of wages during the designated internship period.
- Program funds shall not be used to cash flow a business. Funds that have been generated through any state source cannot be used as matching funds; however, federal funding is an eligible match.
- Funds spent prior to receiving an award will not be reimbursed.
